

## 5. TRIP COST.

While the price was **very** expensive to the donor, the cost of this "Ultimate Trip" is already **paid in full**. We just need to **get our ticket IN ADVANCE OF THE TRIP.**

## 6. DATE OF THE TRIP.

That's unknown at the time I'm writing this. We need to be ready to go when the time is exactly right, which is up to the host of the destination. He may give little or no notice. We must confirm possession of our passage, **continue to work and live on "stand-by"...** ready to go at any time.

**7. TRAVEL TIME for the trip.** Much faster than any modern jet plane or even the space shuttle.

**8. LOCATION of the destination.** We don't know the exact geographical location. What we **DO know** is... it's going to be wonderful beyond anything we've ever experienced. Have you figured out the location yet? **TIP:** *It's an absolutely heavenly location.*

**9. THE ULTIMATE TRIP** to Heaven is something all genuine Christians **should look forward to with greater excitement than any earthly trip.** Uncertainty of the unknown is not abnormal, even for Christians, but **God promised to be with us on this trip.** (Psalms 23:4) **For Christians, death is a "graduation" from our "earth suit" into our eternal body AND... instantly with the Lord.** (1<sup>st</sup> Corinthians 15:44; 2<sup>nd</sup> Corinthians 5:8)

My friends, Leo and Ruth Gross had God's peace in their hearts when Leo "graduated" to Heaven. They both had Christ as Savior, which enabled his family to cope with his departure from Earth. *They look forward to a reunion with Leo in Heaven.*

**10. HOW TO GET THE TICKET.** It is free to us, but we do have to accept it and have it **before the trip**. Romans 6:23-b says, "The GIFT of God is eternal life through Jesus Christ, or Lord." He died for **our** sins, paying the full price for **our** sins. We must trust Christ and **accept the gift of Eternal Life he paid for us, by faith.**

**11. WHICH TRIP do you want?** Those who miss the trip to Heaven will still travel... but to a horrible destination called Hell. Read Luke 16:23-26 about the tears, pain, suffering, torment and memory there and the separation from God **FOREVER**. If you do not have it yet, your Ultimate Trip Ticket **to Heaven** is paid for and it's waiting for you. **Please do not miss it for any reason.**

**YES,** I want the Ultimate Trip to Heaven. I do believe Jesus Christ died on the cross and rose again to pay for MY sins. I trust Him alone (100%) as the Savior from my sins and my trip to Heaven. Lord, please help me to be **excited and anticipating** that Ultimate Trip eventually. I look forward to being in heaven and thanking you in person some day for my salvation.

If you have secured your future passage to Heaven by total faith in Christ, we welcome you on **"stand by"** with us for this exciting trip. Let's help others understand this and go with us, OK?

# What would be your Ultimate Trip?

By Leon Bates

Can you imagine twin unborn babies talking to each other in their mother's womb?

*"Is there really life after birth? How can it be any better than here? No baby ever came back to say if there's really life after birth."* Their last

days in the womb may have been fearful... fear of the unknown. When they finally emerged at birth, they cried **with joy**. If they'd only known about life after birth, they could have been more excited about THE TRIP.

For years I've asked audiences, "If money was no object what you like to do? **The most common answer I always get is, "TRAVEL."**

People love to travel and **anticipation** of the trip is often nearly as exciting as the trip and arrival. **And the anticipation SHOULD be exciting!**

**THE ULTIMATE TRIP.** Perhaps that's what this pilot was thinking, **blasting off in his jet plane.**

Less than 100 years ago, something like this would have been almost unbelievable. We are living in amazing times, when people can fly faster than the speed of sound, traveling long distances in just hours instead of days. And, now even faster trips **INTO SPACE** are routine. For the first time, a civilian recently paid millions of dollars to ride a Russian spacecraft into space for a few days.

**What would be YOUR "ULTIMATE TRIP?"**

If you could travel ANYWHERE, what would be the absolute finest, most incredible and most exciting destination you would like to enjoy?

Can you imagine a destination so wonderful, so beautiful, that absolutely NO ONE wants to leave and return home to their routine daily life?

## The Ideal Ultimate Trip...

**1. BEAUTY.** Can you imagine an awe-inspiring destination that surpasses the magnificence and splendor of anything you've ever encountered? No matter how much or where you've traveled or what you've seen, there's an incredible destination that **EXCEEDS ANYTHING** you've experienced so far. Here's more about it...

### **2. LIGHT and COLOR.**

You've enjoyed the beauty of a rose, beautiful scenery of mountains, seashores, forests islands and lakes. You've seen the magnificence of a full moon rising over the horizon and sunsets that reflected colored rays into snow white clouds.

However, the variations of light and color you've seen to date can't come close to those of THIS mysterious destination. **Most people have never seen it. And, NO ONE will want to leave it!**

**3. RETURN.** Why would NO ONE want to leave this destination and return home? Because they'll love the stress-free conditions away from traffic, pollution, crime, loss of life from accidents or injury. No need of Health Insurance, because the host guarantees the environment won't cause sickness for anyone there. The longevity of life is even guaranteed to be much greater there. The management promises no more disappointments with thoughtless or selfish people, work situations or ethics, no discrimination due to sex, race or educational status. Sound great? There's more...

**4. FINANCIAL FREEDOM.** Family stress and even family breakups are often due to financial problems. A benefit of this amazing destination is **no more financial problems**. Once we've been there, struggles for money won't be necessary. Savings and investments won't even be needed. Thinking, values and pleasures we enjoy now will be different, **MUCH BETTER, more EXCITING and more SATISFYING than ever before...**
